Appointment of Directors

Illustrated talk on Kincladie Fungi

Immediately after the AGM there will be an illustrated talk on the fungi to be found in Kincladie Wood by Liz Holden, Field Mycologist from Braemar. She will be explaining why there are fungi in the wood and what we should be looking for. This talk is a precursor to a visit to the wood to see the real thing on Sunday 16 September, setting off at 2pm. Mr Bob Fryer, an amateur enthusiast from Comrie will conduct the walk and describe the various fungi.
